

Florida Department of Children and Families
and the
Florida Department of Education
Office of Early Learning
Voluntary Prekindergarten (VPK) Education Program

Florida Department of Education

are pleased to introduce the
Training Management System
Coming Soon!

What is the Training Management System?

- The Training Management System is an online system, which was developed in collaboration with the Florida Department of Children and Families (DCF), to ensure a comprehensive management, advertisement and tracking of child care provider/VPK/DOE-approved training initiatives.

What are the benefits of the Training Management System?

- Streamlines DOE's ability to automate administrative functions associated with establishing VPK/DOE-approved training initiatives
- Provides a current online mechanism to display VPK/DOE-approved training initiatives
- Provides user-friendly access through the existing DCF online registration process
- Allows participants to print certificates upon completion of a VPK/DOE-approved training
- Allows participants to obtain CEUs for each VPK/DOE-approved training course successfully completed
- Allows for a comprehensive training transcript which includes both DCF and VPK/DOE-approved trainings
- Produces high quality reports on VPK/DOE-approved trainings

Who can access the Training Management System and register for the VPK/DOE-approved training initiatives?

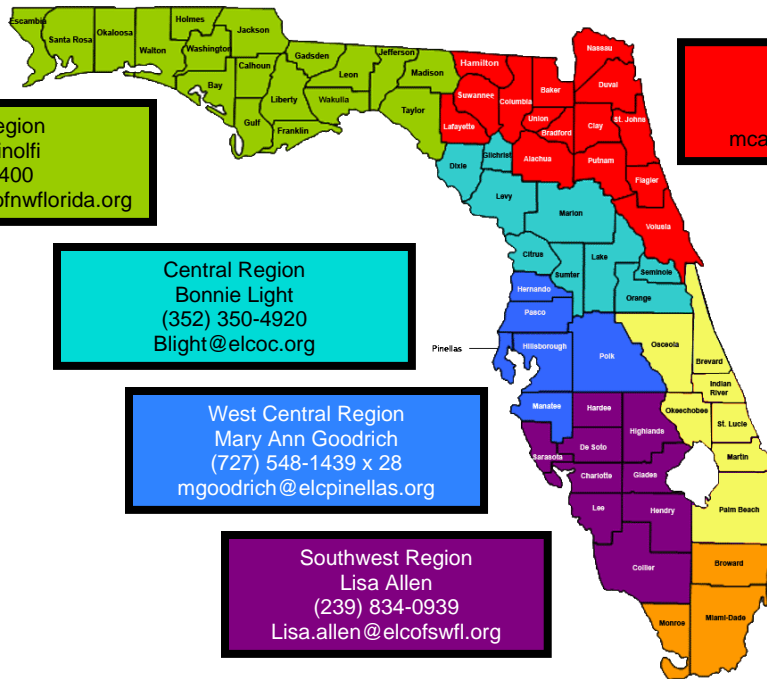

- All VPK directors, teachers, staff and other interested parties are encouraged to access and register for any of the VPK/DOE-approved training initiatives.

When will the Training Management System be available?

- Anticipated to be available Spring/Summer 2009. Please visit DOE's website at www.fldoe.org/earlylearning/ for updates.
