School-Age Services

www.thechildrensforum.com

School-Age Services for School-Age Professionals!

The Children's Forum School-Age Services Program offers a multitude of services for school-age care professionals, including:

- Local, Regional, State & National Training Events
- Customized Staff Training and Technical Assistance
- After-School Advocacy Events & Alerts
- Quality Standards, Self-Assessment Tools and Accreditation Information
- Licensing Information
- Credentialing Information
- Tip Sheets, Publications, Articles and Resources
- Parent Information
- Membership

Customized Staff Training & Technical Assistance

Our School-Age Services professionals are available for site visits, program assessments, training and technical assistance.

Workshops and seminars are available for after-school program staff, site directors, administrators, board members, and parents.

The Children's Forum is an authorized provider of the International Association for Continuing Education and Training (IACET). All workshops and seminars presented by our training and technical assistance professionals are certified for continuing education units (CEU) and inservice training credit.

"All trainings and technical assistance are customized to meet your program's individual needs. Contact us for pricing options and availability".
